Aransas County Courthouse • 2840 Hwy. 35 N. • Rockport, TX 78372

CONTACT: Deanna Spruce, Aransas County Public Information Officer, pio@aransascounty.org July 12, 2021

The Texas Division of Emergency Management has launched the self-reporting damage tool for the citizens of Aransas County response to the recent severe weather incident that occurred on July 6, 2021. The Texas Division of Emergency Management's iSTAT (Individual State of Texas Assessment Tool) can be accessed on this website: <https://damage.tdem.texas.gov/> Once on the website, citizens need to log their damages on the July 6-TBD, 2021 Severe Weather Tab. Citizens submitting their damages to TDEM is for data collection purposes for local and state emergency management officials, to gather real time data on what damages occurred in Aransas County submitting their damages via the iSTAT self-reporting tool is not a request for funding assistance.
